

# CT Pharmacy Residency Conference

May 28, 2020

## Schedule of Presentations

8-9 am (setup 7:30am)

**Topic:** Critical Care/ER

**Moderator**

**Feedback**

Amy Drzewiecki	VA CT	Culture follow-up in the emergency department
Pratibha Dhakshinamurthy	VA CT	Evaluation of gabapentin use in the treatment of alcohol use disorder in a veteran population
Gianna Lauren Casal	Yale New Haven	Evaluation of morphine for end-of-life care
Jesse Albano	Yale New Haven	Assessment of adherence to status epilepticus guidelines

**8:30-9:30 am (setup 8am)**

**Topic: Opioids**

**Moderator**

**Feedback**

Andrew Perrotti	Waterbury Hospital	Evaluation of opioid prescribing and post-surgical outcomes in patients receiving liposomal bupivacaine in a community hospital
Nicholas Mangiafico	Saint Francis	Evaluation of opioid requirements after ketamine for analgesia in the emergency department
Patricia Jackson	HOCC	Effects of a non-narcotic elastomeric pump as an opioid-sparing modality in surgical patients
Adina Petrosan	Yale New Haven	Impact of intravenous methadone administered intraoperatively on post-operative opioid utilization

**9-10 am (setup 8:30am)**

**Topic:                   Oncology**

**Moderator**

**Feedback**

Samantha Brongiel	Yale New Haven	Management of steroid-refractory immune-related adverse events
Sonal Agarwal	Yale New Haven	Use of cyclophosphamide, etoposide and dexamethasone (CED) in multiple myeloma: efficacy, safety, and place in therapy
Stephanie Trexler	Yale New Haven	Efficacy and safety of FOLFIRINOX in elderly patients with metastatic pancreatic cancer
Wiktoria Bogdanska	UConn Health	Improving adherence to recommended laboratory monitoring and adherence assessment in patients receiving oral anticancer therapies

**9:30-10:30 am (setup 9:15 am)**

**Topic: Transitions of Care/Administration**

**Moderator**

**Feedback**

Nicholas Pugliese	Hartford Hospital	Evaluation of the impact of a best practice alert (BPA) on the use of dopamine antagonists in patients with Parkinson Disease
Sasha Tokic	Yale New Haven Hospital	Leadership core orientation
Hita Bhagat	Yale New Haven Health	Medication Access Management in Post-Discharge Patients
Emily Mai	Bridgeport Hospital	Standardization and accuracy of pharmacy-assisted admission medication history services

**10-11 am (setup 9:45 am)**

**Topic: Anticoagulation**

**Moderator**

**Feedback**

Madeline Acquilano	St. Vincent's Medical Center	Pharmacist's impact on clinical and financial outcomes of alteplase administration in acute ischemic stroke
Douglas Buckheit	Hartford Hospital	Evaluation of dosing strategies for venous thromboembolism prophylaxis in underweight hospitalized patients
Lena DeVietro	Bridgeport Hospital	Anticoagulation National Patient Safety Goals: Patient Education
Mark Baker	Backus Hospital	Comparing prescriber-driven to pharmacist-driven warfarin dosing strategies in the inpatient setting

**10:30-11:30 am (setup 10:15 am)**

**Topic: Ambulatory Care**

**Moderator**

**Feedback**

Andrew Stevens	Yale New Haven	Evaluation of ambulatory clinical pharmacy services within a five-hospital health system using an electronic dashboard
Carly Giavatto	Yale New Haven	Advancing Pharmacist Care within Cystic Fibrosis Clinics: A Collaborative Practice Model
Chris Merrick	VA CT	Use of anticholinergic medications for outpatient secretion management in a Veterans Affairs healthcare system
Nafiseh Banaha	Nuvance Health	Proton pump inhibitor deprescribing pharmacy initiative in a community health center

**11am - 12 pm (setup 10:45 am)**

**Topic: Infectious Diseases**

**Moderator**

**Feedback**

Maria Hysolli	Yale New Haven	Evaluation of guideline adherence for post-operative antibiotics for surgical prophylaxis
Emma Saunders	Backus Hospital	Comparing the impact of initial antimicrobial prescribing with order sets versus without order sets in a community hospital
Fabio Caetano	Waterbury Hospital	Assessment of procalcitonin's role in antibiotic stewardship, within an urban-setting intensive care unit
Mohammad Khan	St. Vincent's Medical Center	Evaluation of beta-d-glucan assay and use of anti-fungals in invasive fungal infections

11:30 am - 12:30 pm (setup 11:15 am)

**Topic: Opioids**

**Moderator**

**Feedback**

Patrick Pauls	Yale New Haven	Opiate Safety in Patients with End Stage Renal Disease
Michael Gnoinski	Hartford Hospital	Evaluation of best practice alert to improve inpatient pain management
William Eighmy	Yale New Haven Hospital	Monitoring and prevention of opioid diversion in a health system

**12-1 pm (setup 11:45 am)**

**Posters and lunch**

Anastasia Bilinskaya	Hartford Hospital	Impact of viral respiratory PCR (VRP) and serum procalcitonin (PCT) on antibiotic days of therapy (DOT) in patients admitted with lower respiratory tract infections (LRTI)
Avni Patel	Yale New Haven	Expansion of ambulatory telehealth clinical pharmacy services within a large health system
Gianna Girone	Yale New Haven	Introduction of Preemptive Pharmacogenomic Testing in Kidney Transplant Recipients: Early Evaluation of the Clinical Impact of Genomic Guided Tacrolimus Dosing
Jenna Lee	Yale New Haven	Evaluation and development of an anticoagulation center of excellence across a large academic health system
Micaela Leblanc	VA CT	Prescriber acceptance of pharmacist-written recommendations in a home based primary care setting at a Veterans Affairs Healthcare System
Sagune Sakya	Yale New Haven	Clinical implementation of pharmacogenomics testing to guide P2Y12 inhibitor use in older adults with acute coronary syndrome: Results of a pilot study supporting real-world application
Lauren Barillari	Yale New Haven	Evaluation of apixaban dosing label adherence and stroke outcomes in hospitalized patients with nonvalvular atrial fibrillation

1-2 pm (setup 12:30 pm)

**Topic: Oncology**

**Moderator**

**Feedback**

Alexander Arau	Hartford Hospital	Implementation of best-practice order sets to improve outcomes for patients with febrile neutropenia
Bianca Kohler	VA CT	Evaluation of the screening and management of bone health in patients with prostate cancer
Caleigh Curran	Yale New Haven	Evaluation of baseline lab monitoring practices for specialty biologic medications
Jessica LeClair	Yale New Haven	Real world incidence of pneumonitis in stage III non-small cell lung cancer patients receiving durvalumab consolidation therapy

1:30-2:30 pm (setup 1 pm)

**Topic: Infectious Diseases**

**Moderator**

**Feedback**

Caitlin Caulfield	HOCC	Clinical utility of methicillin-resistant <i>Staphylococcus aureus</i> polymerase chain reaction nasal swab testing in patients with lower respiratory tract infections
Jordan Siembor	Saint Francis	Evaluating a high-dose vs. standard-dose hepatitis B vaccine series in patients living with HIV
Jordan Wisniewski	Waterbury Hospital	Assessment of inappropriate urine culturing on the treatment of asymptomatic bacteriuria at a community hospital
Lauren Puckett	CCMC	Impact of direct from blood culture identification on antimicrobial therapy in a pediatric hospital

**2-3 pm (setup 1:30 pm)**

**Topic: Transitions of Care**

**Moderator**

**Feedback**

Danielle McPherson	Yale New Haven	Improving Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) scores in the medication domain
Kaitlyn McCarthy	St. Vincent's Medical Center	Development and implementation of an abbreviated medication safety self-assessment in community pharmacies
Rachel Croce	Yale New Haven	Integration of a medication history technician into a children's hospital meds-to-beds program
Mevlana Hursid	Yale New Haven	Expansion of pharmacy technician roles within ambulatory care services

**2:30 - 3:30pm (setup 2:15 pm)**

**Topic: Genetics/Am Care**

**Moderator**

**Feedback**

Alyssa Capuano	VA CT	Aspirin prescribing trends for primary prevention of cardiovascular disease in a Veterans Affairs Healthcare System Patient Aligned Care Team
Conner Thrall	Middlesex	Impact of a pharmacist led pharmacogenomic service in a primary care setting
Jennifer E. Marvin	Yale New Haven	Expansion of outpatient pharmacy services through initiation of a rapid-start antiretroviral therapy program
Maria Perella	Yale New Haven	Expansion of the pharmacogenomics personalized medicine program: health-system wide pharmacist education

**3-4 pm (setup 2:45 pm)**

**Topic: Transitions of Care/Admin**

**Moderator**

**Feedback**

Raymond Hau	Lawrence Memorial Hospital	Optimization of Discharge Prescribing in ED and Inpatient Setting Across a Health System
Sonali Shah	Yale New Haven	Standardizing the medication reconciliation process and incorporating tele-interview in response to the COVID-19 crisis
Timothy Amison	Yale New Haven	Creating a standardized list of overridable medications and medication override auditing procedure for a five hospital health system
Veronica Lee	Lawrence + Memorial Hospital	Expansion of discharge medication reconciliation across a five hospital health system

**3:30 - 4:30pm (setup 3:15 pm)**

**Topic: Administration**

**Moderator**

**Feedback**

Samara Katini	Yale New Haven	In-sourcing total parenteral nutrition compounding for a five-hospital health system
Taylor Sattler	Yale New Haven	Pharmacotherapy intensity scoring to evaluate workload distribution
Nicole Clemons	Saint Francis	Economic analysis of advanced sterile product preparation in an outpatient oncology clinic

## Great 8 CE Presentations

6 - 8 pm

(Separate registration required)

Jillian Barrack	Saint Francis	Impact of antimicrobial stewardship education using a de-identified, provider-specific prescribing scorecard on outpatient antibiotic prescribing practices
Cynthia Cheung	Yale New Haven	Transitioning from Dexmedetomidine Infusion with the Use of Enteral Clonidine
Andrew Fratoni	UConn Health	Assessment of automated antibiotic timeout on broad-spectrum antibiotic usage
Lynn Germaske	VA CT	Phenobarbital fixed-dose schedule compared with a lorazepam-based intensive care unit symptom-triggered alcohol withdrawal protocol
Aaron Knopp	Yale New Haven	Incidence and outcomes of hyperchloremia subsequent to hypertonic saline use
Allissa Long	UConn Health	Utilization of pharmacy student trainees to assist with patient discharge education on oral anticoagulation therapy
Hillary Stamps	Hartford Hospital	Evaluation of cytomegalovirus prophylaxis in low and intermediate risk kidney transplant recipients receiving lymphocyte-depleting induction
Megan Wein	UConn Health	Implementation of a Clostridioides difficile secondary prophylaxis protocol in an academic medical center
